1. Activating an account

To sign up for the employer portal you need to be added to either the main contact

registration form, authorised employer user list or authorised payroll user list. The

form then needs to be signed by someone who is a current registered authorised

signatory.

All forms are available in the employers section on our website at www.wypf.org.uk

under Employer portal and Monthly Return Portal information.

All new users need to complete a secure administration user agreement form. This

requires each user to agree to the terms and conditions by signing and dating the

form.

Scan and e-mail the completed forms to wypf.pfr@wypf.org.uk or alternatively send

through the post for the attention of Sally Tomlinson, WYPF, PO Box 67, Bradford,

BD1 1UP.

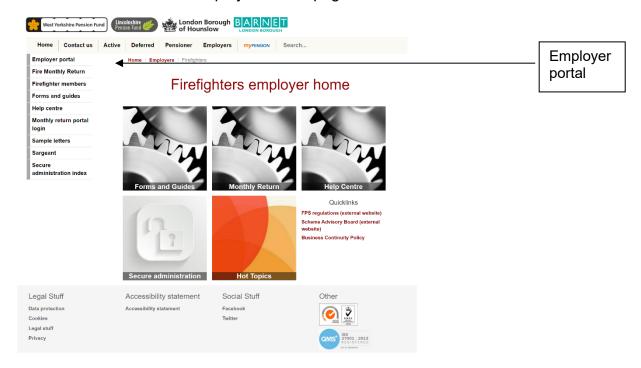

A separate login will be supplied for each user.

2. Accessing the employer portal

To access the employer portal, select Employer portal login from the menu on the left hand side on the Fire Employers Homepage

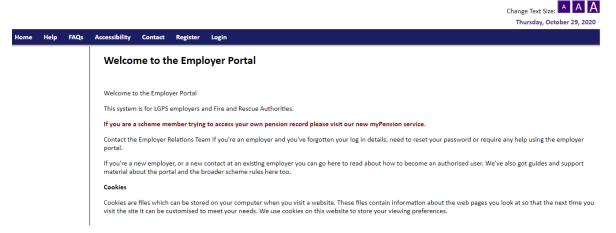

3. Employer portal home page

Issue: 1

Issued: Jul 2022 Page | 5 of 18

The first screen you will see is this.

employerportal

There are a number of functions that you can access from the homepage:

4. Contact details

Help –Clicking on help will direct you to the correct contact details for the web portal you are using, as we are using the employer portal you can contact your Pension Fund Representative in the first instance.

FAQs – This contains answers to frequently asked questions for **members** signing up for 'member web'. The same home page is used for both member web and the employer portal.

Accessibility – You can change the size of the font by using the purple A buttons.

Contact – Gives details of how to contact the pension fund using e-mail, telephone, fax, postal address or by visiting either office in Bradford or Lincolnshire.

5. Logging on & passwords

Issue: 1

Issued: Jul 2022 Page | 6 of 18

On receipt of an authorised contact form we will create a new user account using:

- Full name
- E-mail address
- List of permissions

Permissions refer to the members records you are able to see; therefore, if you administer the pension for more than one of our employers you will need to be named on their main contact registration form or authorised user lists in order for you to have access to their member records.

Once your account has been created you will receive an e-mail with your account details asking you to call to get your initial password to access the system.

When you call you will need to confirm the following security details:

- Full name
- Username

You will then be given your temporary password to login to the employer portal.

Your user name is generally your surname & first initial, for example John Smith will have a user name of SMITHJ. User names will always appear in capital letters; however, it is only your password which is case sensitive.

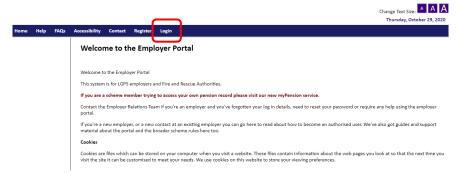

6. Login page & password reset

Issue: 1

Issued: Jul 2022 Page | 7 of 18

You can now enter your new login details by clicking on the Login button.

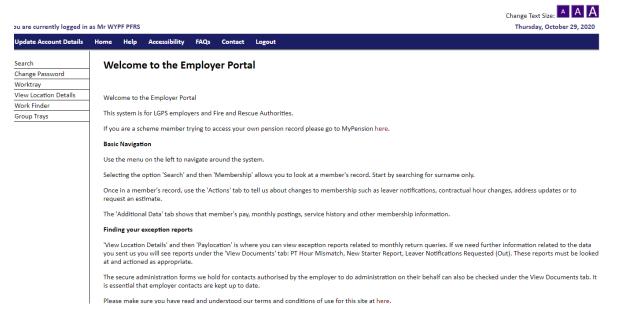

employerportal

If you forget your password, you need to call 01274 434900 and ask for it to be reset. Please don't use the Forgotten Password option; this is only for My Pension. Once you are logged on to the employer portal you will be able to search your members' data, update records with hour changes and absences, and request information from the pension fund.

7. The portal

employerportal

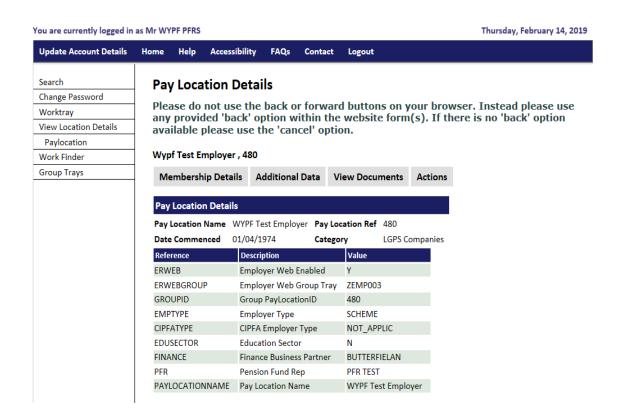

Issue: 1 Issued: Jul 2022 Page | 8 of 18

When your log on has been successful you will see the above page. The options on the left hand side are:

- Search
- Change Password
- Worktray
- View Location Details
- Work Finder
- Group Trays

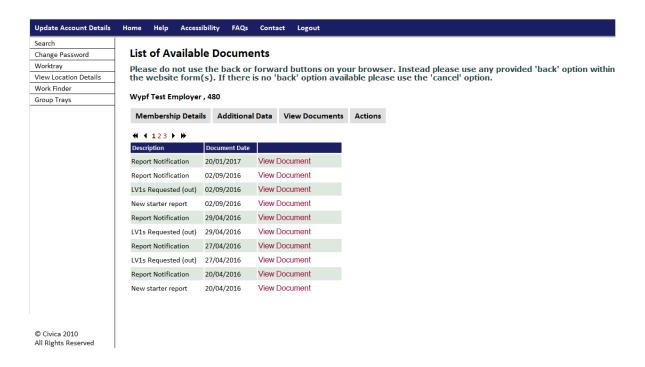

The **View Location Details** show the employers you are registered to access. The list will expand to show any employers and their pay location that you are linked to. By double clicking on any of the pay locations you can access the scheme information about the employer, this shows the admission type and other useful information.

8. Exception reports

Issue: 1 Issued: Jul 2022 Page | 9 of 18

From the Pay Location Details under **View Documents** you can pick up your exception reports that have been created from processing your monthly return. We will e-mail the finance contact named on your main contact form to let them know when the reports are ready to view. You can open the exception report by double clicking the relevant document type. The report will then open in Excel.

The exception reports available for the monthly returns are: -

- PT Hour Mismatch Hours on your return do not match the hours we currently hold on our system (complete web form or spreadsheet with date, do not add any notes to the spreadsheet)
- Leaver notifications required for leavers who are eligible for a refund or a deferred benefit (complete leaver/retirement notification on the portal)
- New starter report a list of new member records we have created from your monthly return (for information purposes only. If any records have been created in error contact your finance business partner)
- Change of address report a list of members who have had their address changed on our system to match your data from your monthly return (for

Issue: 1

Issued: Jul 2022 Page | 10 of 18

information purposes only. If an address change has been completed in error contact your finance business partner or the contact centre immediately. Failure to notify us may result in a potential data breach)

9. Changing your password

You can change your password from the home screen, you should be prompted to do this when you first log on to the employer portal but if not, please change your password on your first use.

10. Searching for members

From the employer portal homepage, you will need to select "search" from the left hand navigation bar and then select "membership", you will then see the search screen:

Work Finder	Folder Ref						
Group Trays	Surname	rubbl	e				
	Forenames	b*					
	NINo						
	Date of Birth		(de	l/mm/yyyy)			

You can search using Surname, Forenames, NiNo and Date of Birth. At present every job has an individual pension record, therefore to avoid missing records you should search using name and National Insurance Number.

Issue: 1

Issued: Jul 2022 Page | 11 of 18

When searching use a * after the forename unless you know the members full name. If you search for Betty Rubble and the member is called Betty Rose Rubble the record will not appear unless you enter Betty*.

Once you have entered the details click on the search button and your results will be returned.

The search results will display the full name of the member, the folder reference number and the status of the record. To select the correct record, click on the View Details button. The member's details will then be displayed.

Issue: 1

Issued: Jul 2022 Page | 14 of 18

12. Additional Data

All of these views will appear even if the member has no data to display:

AVC Payments Received

If any additional member contributions have been received they will be displayed on this screen.

AVC View

The AVC view will confirm if additional member contributions are being paid. This would be members buying additional 60th, Added Pension 2015 and those joined the Modified Scheme under the original options exercise.

CARE

Gives details of the pension the member has built up since 1 April 2015.

Issue: 1

Issued: Jul 2022 Page | 15 of 18

Court Order Details

If the member has been through a divorce they may be subject to a pension sharing

or earmarking order, it is important to check this information as the estimate

calculations will NOT be correct if a pension sharing order is recorded.

Deductions

This screen will show if any deductions are due from the member's pension when it

is put in to payment, it is also important to check this screen as any estimate

calculations will NOT be correct if deductions are present. (i.e. Scheme Pays debits)

Earnings and Contributions

The earnings and contributions screen shows:

• The full-time rate of pay

The actual pensionable pay received

The employer contributions

• The employee contributions

Any additional amount received

Ex Spouse Details

This will show the details of the ex-spouse that the pension sharing order is for.

Member Contribution Rate

Shows the contribution rate the member is paying, this will have been updated from

information that has been provided at the date of joining.

Monthly Postings

Shows data uploaded from the monthly return relevant to the member.

Pension History (Deferred or In Payment)

Issue: 1

Issued: Jul 2022 Page | 16 of 18

The pension history screen shows the value of deferred benefits and pensioner benefits that are due to be paid or are in payment.

Service

The service screen shows the hours and changes that have been applied to a member's service throughout their employment. This doesn't include transfers in from outside the Fire Schemes.

Starting Salary

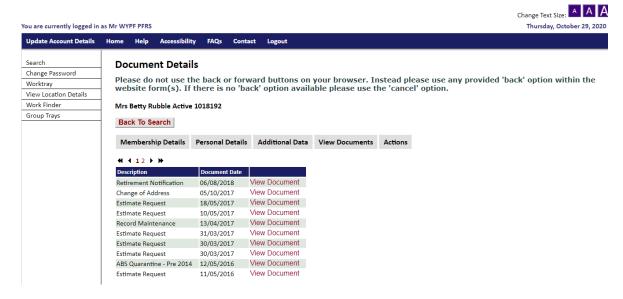

This shows the members starting salary.

Transfer in Summary

This screen will show any details of a members transfer from a previous provider if one has been received by us. It should not include information where the member has transferred from another FRA.

13. View Documents

employerportal

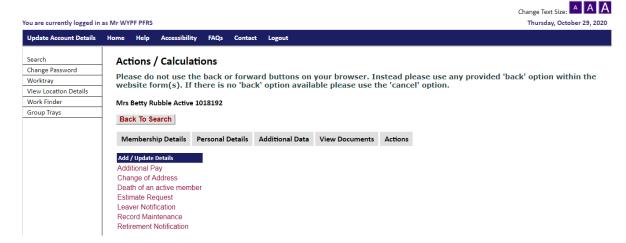

Issue: 1

Issued: Jul 2022 Page | 17 of 18

You will be able to see documents that you have created on the employer portal and also any documents that have been sent to the employee. This would include estimate statements, deferred benefit statement & the retirement notification pack.

14. Actions

employerportal

The **Actions** tab on the employer portal allows you to submit changes direct to us securely.

FPS Retirement Notification

Use this form to tell us about someone who is retiring and receiving immediate benefits

FPS Split Pension Notification

Use this form to tell us about someone who is entitled to receive a 'split pension'

15. Deactivating an authorised user account

The user must inform us when they are leaving or no longer require access to the secure administration facility. Where the user is unable to notify us it is the responsibility of the main contacts at the employing organisation to send the notification. Accounts should be deactivated as soon as possible after it is known that the account is no longer required.

New authorised user lists or a main contact registration form must be completed to show all current authorised users. We only reference the latest form when we check if a user is authorised.
